About Us

National Engineers (India) is a celebrated Stockist, Trader, Wholesaler and Supplier of a wide array of products by Emerson Climate Technologies Copeland Brand Products Including Compressors, Reciprocating Compressors, Scroll Compressors and Condensing Units, Value Refrigerants, Dixell Temperature Controllers, Sub Zero Controllers, and many more. Our product range goes through a quality testing process, which is done at the packaging level to ensure our customers get excellent quality products. We have associated ourselves with the reputed names worldwide, who manufacture or sell the product range that our industries requires. Our association with these brands dates back to the time when we were founded and it is only because of our mutual understanding that we have able to carry forward our association without any interruption.

Established in 1989, we deal in a qualitative range of products like Reciprocating Compressors, Scroll Compressors, Semi Hermetic Compressors, Rotary Compressors, FHP Compressors, Copper Tubes and Pipes, Copper Fittings, Condensers, Flow Controls including Thermostatic Expansion Valves, Solenoid Valves, Filter Driers and Sight Glass, Coolmax range of tools meant for HVACR industry including Tube Cutters, Charging Hoses, Flaring Tools etc. As we have clients in both industrial and commercial sector, we make sure our products qualify to the international quality standards. Over the years, we have successfully met various requirements of both public and private sector. We have addressed needs of the suppliers in various state Government, Central Government and Defense Establishments.

Key Facts

No of Staff	10
Year of Establishment	1989
OEM Service Provided	No
Memberships	The Refrigeration & Airconditioning Trades Association - South India (RATASI)

Our Products

Adjustable Door Hinges

Safety Latches

Flaring Tools

Coolmax Flaring Tools

Solenoid Valves

Thermal Expansion Valves

Danfoss Condensing Units

Tube Cutter

Refrigeration Copper Tubes

Copper Tube Condenser

Emerson Condensing Units

Refrigerant Charging Hoses

Manifold Pressure Gauges

Copper Pipe Fittings

Emerson Scroll Copeland

Copeland Scroll Compressors

ADDRESS
